

Fashion War

Do you care about what you wear?

The Soviets killed the Muslims. They massacred the Ulema. They banned the kitaabs and the Quran. They stopped the teaching of Islam. They turned son against father, mother against daughter - all in the quest of destroying Islam.

And now, they have managed to win the minds (and hearts) of Muslims, with the "Soviet" fashion brand. What was vile, is suddenly a symbol of pride! **Have they beaten you, too?**

Soviet Slaves

*Sporting the "Soviet" brand
having wasted many rands
Heedless about the plight of the Muslim lands
Sacred Muslim blood on the Soviets hands*

*Wearing vilest "Soviet" jeans
Where does the heart lean?
Towards the Kufr Soviet nation
Or the oppressed Muslim nation*

*Over 55 million Muslims oppressed
200,000 Muslims in Chechnya dead.
Will reality only sink in your head
With a Soviet bullet of lead?*

*A mind with fashion dulled
In fatal deceptions lulled...
Today the "Soviet" brand
Tomorrow, "Israeli" brand?*

*But, it's just a brand you say?
A brand, nay!
But supporting Kufr all the way.*
